Dear David,

Ten years ago, I wrote a testimonial for BottomLine Advantage after working together for the first time. Since then, I've changed employers and we recently reconnected giving us the opportunity to work together again.

As VP of Procurement, my role at Bowlero Corporation is to minimize the total cost of ownership and add value by focusing on strategic initiatives. With limited time and resources, the need to concentrate on areas with the highest return is essential. Partnering with BottomLine Advantage allowed me to achieve robust savings while also allowing me to focus on other projects.

The reasons it made sense for us to partner with BottomLine are simple: no upfront cost, minimal time investment and impressive savings. Not only is my time limited, but so is my expertise in this space. BottomLine understands the copier/printer business like no other vendor I've ever encountered.

In the end, we achieved the best possible vendor agreement, enhanced vendor support and were the recipients of major league "net" savings!
